Howard Young, Associate Pastor
Woodland Worship Center
Green Bay, WI

Dear Friend,

It is a pleasure to commend to you the ministry of Larry and Carolyn Campbell, missionaries to the disabled through *Special Touch Ministries*. In a recent service at WWC, they ministered with anointing and enthusiasm and clearly articulated the vision that God gave them; a vision that takes a largely forgotten part of our society and gives the disabled the dignity and opportunity for spiritual growth and ministry they deserve.

The Campbell's presentation is very effective through the use of video media, music (Carolyn is an exceptional soloist), and Larry bringing their vision for the disabled plus ministry from the Word. Their presentation of *Special Touch Ministries* is inspiring and informative. I know your people would enjoy this godly couple.

Sincerely,

Dr. Howard Young
