Dear Larry and Carolyn,

What an incredible joy it was to have you share with us on Saturday, October 8! As you can tell, the people of Life Center love you and were deeply connected to the ministry the LORD has given to you through Special Touch.

**It's more than a joy to support you as our missionaries, and I heartily recommend you to every congregation across this great land.** You both are absolutely sincere, passionate, prepared and available vessels in the hands of the LORD. Thank you for your sensitivity to the moving of the Holy Spirit and obvious call to minister to a sorely neglected mission field.

Please share my enthusiasm for your call with each pastor and board you contact and let them know they can call me directly to get even *more* of a good report! Be blessed in all you do under His direction.

Yours very truly,

Rev. John F. Clark,  
Senior Pastor
